Letter from the Hon. Jucob Broom, chairman of the Committee on Recolationary Pensions.

House or Representatives, United States,
My dear six: I have been pleased to meet with you once more after the lapse of so many years; and I desire to avail myself of an early opportunity to add my thanks to those you must have received from musty others for your labor and care in the compilation of the laws of the United States relating to pensions and bounty lands, a copy of the stereotype edition of which I have in my possession.

The subject of pensions is one which has been, and still continues to be, of interest to the great American family. The circumstances under which those for revolutionary services were provided are of a highly interesting character.

It was never the design of our fathers that the system should be partial, giving to some while it withholds from others equally deserving. Your arrangement of the laws, therefore, while it presents in decisit the provisions made, is at the same time suggestive of those deficiencies and omissions which render the system incomplete.

Your work I have found of incalculable value to me in my position as chairman of the Committee on Revolutionary Pensions, for, without it, i should have been subjected to the labor of a close examination of the statutes; and from the frequency of my recurrence to it I have been able to test its merit and appreciate its worth.

I am, my dear sir, most respectfully and truly, yours, Dr. R. Maxo.

Draft sin: I thank you for the very useful volume you have sent me. I have had time only to glance over it, but I have satisfied mysolf of its fibelity as well as of its value.

Your supplement contains important additions, and brings the pension history and laws to a late period.

The system has become so extensive that some such compilation was indisponable, and I congratulate all who are obliged to look into the subject of those laws upon the able execution of your labors.

I am, dear sir, respectfully yours,

Dr. Rossert Mayo.

In this opinion I have the concurrence of my colleagues in Committee on Revolutionary Claims.
